

5 & 8

240 Volt SLIDING GATE MOTOR
FOR GATES TO 10 METERS AND 800kg

NEW VERSION OF THE FAMOUS EURO 5 & 8

EURO 5 - GATES TO 6 METERS & 500kg

EURO 8 - GATES TO 10 METERS & 800kg

Design and power

- MILORD 5 & 8 are non reversible electromechanical gear motor made to last
- The body is die-cast aluminium with ABS Protective housing
- The manual release system enables movement of the gate during power failures.
- Magnetic contact-less limit switches ensure limit failures are non existent.
- Ideally suited for domestic and light industrial applications
- Powerful 240 volt motor drive unit.

Technical Specifications	5	8
POWER SUPPLY (Vac)	230	230
POWER (Watts)	350	500
CURRENT (A)	1.5	2.2
MAXIMUM TORQUE (Nm)	45	70
PINION	Z16 mod. 4	Z16 mod. 4
SPEED (mm/sec)	200	160
OPENING TIME (6mtr.)	30 sec	37sec
MAXIMUM LEAF SIZE (m)	6	10
FREQUENCY OF USE	30%	40%
OPERATOR WEIGHT (kg)	10	12
PROTECTION	IP44	IP44
